INTRODUCTION

With my extensive experience in the industry, I bring a wealth of expertise and a strong commitment to driving progress in our IT sector. Understanding the complexities of our local market, I'm ready to lead initiatives that foster growth and innovation. My background in industry development equips me to lead strategic efforts that push our members towards sustained success in a rapidly evolving landscape. Furthermore, my skills in policy formulation and advocacy ensure that we remain at the forefront of regulatory discussions, advocating for policies that benefit our members and create a conducive business environment. Prioritizing human resources development is central to my vision, as I recognize the critical role of talent in driving organizational excellence. As a vocal advocate for our members' interests, I am dedicated to championing their needs and aspirations, ensuring that our association remains a supportive and empowering force for all its members.

MY INITIATIVES

DIGITAL CONTRIBUTION

I am Liakat Hossain, a tech entrepreneur, technologist, and advocate for progress within the constantly evolving field of Information and Communication Technology (ICT). With leadership roles in four prominent companies, both domestically and internationally, I have explored into diverse areas including enterprise solutions, Software as a Service (SaaS), Games & Apps Development, as well as IT and soft skills training.

I possess extensive expertise in Oracle database administration, having served as an Oracle University trainer and provided consultancy services for various sectors including MNCs, telecom companies, and governmental institutes. I hold professional certifications from Oracle, Red Hat, and Microsoft, and have participated in over 30 training sessions. This robust technical background not only ignites my passion for innovation but also underscores my dedication to steering the future of our industry.

Beyond the confines of my corporate responsibilities, I am deeply engaged in the broader ecosystem of the ICT industry. I am passionately involved in policy development, startup cultivation, venture capital initiatives, and promoting synergies between the IT industry and government to drive us into the Fourth Industrial Revolution (4IR). I am a member of the national election monitoring IT subcommittee at Bangladesh Awami League. Additionally, I serve as Convener and Secretary-General at Amrai Digital Bangladesh Foundation and hold the position of ex-member of the President's Advisory Standing Committee of BASIS.

As we stand at the point of transformative change, I am dedicated in my commitment to championing progress, fostering innovation, and advocating for the collective interests of our industry.
